INTRODUCTION

An integral part of the Fédération Internationale de l’Automobile (FIA), the International Karting Commission (CIK-FIA) governs worldwide Competition and awards the only official titles of World Champion and European Champion in Karting.

In close collaboration with its Promoter the RGMMC Group, here the CIK-FIA presents the most up-to-date Championships which bring together the best Drivers and the greatest hopefuls of motor sport of the future during races of a incredible intensity.

Let’s discover the potential of top level Karting as practiced in the FIA Karting events.
Invented by the Americans in the 1950s, Karting quickly became a great success in Europe and today is a fully-fledged motorsport discipline.

Karting is a great school of life for young people and the best way to learn about driving and racing. The best route for the future car Champions, Karting is also practiced by enthusiasts who devote all their energy to it. The FIA Karting Championships are open to drivers from the age of 12, with no upper age limit.

Although the kart is basically a machine of simple design, the high standard of competition makes it a very high level sport where ultra-competent professional teams compete against each other.

The spectacle provided by Karting events has an intensity rarely seen in motor sport. The closeness of the track, a succession of races throughout the weekend, constant suspense and the beauty of the struggle for victory make it an exciting discipline to experience for both specialists and the general public.

In addition, karting is particularly suitable for live TV viewing and sharing on social networks.

**WHO’S NEXT?**
THE CIK-FIA

Created in 1962, the International Karting Commission is an integral part of the International Automobile Federation, as are the commissions of the other disciplines of motorsport.

Its main missions are to ensure the unity of Karting, to promote and develop the practice of the discipline throughout the world, to develop sporting and technical regulations and to establish the International Competition calendar.

President of the CIK-FIA:
Felipe Massa
RGMMC, PROMOTER OF THE FIA KARTING CHAMPIONSHIPS

The RGMMC Group is the Official Promoter of the FIA Karting European and World Championships for the period of 2018-2020 (with the exception of Superkart and Endurance). Based in Switzerland, RGMMC Group is renowned for the great experience in the field of its owner Roland Geidel, President James Geidel and the team that has been around for many years.

Increasing the audience for Karting Competitions, attracting new partners and working closely with ASNs (national federations) are the priorities of RGMMC Group. The Promoter also develops the communication and media coverage of the events by providing live video viewing during the events and by partnering with Motorsport.tv for broadcast around the world.
THE CIK-FIA SPORTING SEASON

The CIK-FIA and its promoter organise three FIA Karting World Championships every year; pivotal points of the season each decided during a single event.

Four FIA Karting European Championships are also on the programme, with several events each in addition to the FIA Karting International Super Cup - KZ2.

The FIA Karting Academy Trophy brings together the best prospects between the ages of 12 and 14 from around 40 countries around the world to compete on a one-make basis.

The CIK-FIA also offers a FIA Karting European Championship - Superkart and an FIA Karting Endurance Championship that fit into separate organisational frameworks.

The Karting Competitions offer extensive track time to the Drivers during many runs lasting between 10 and 20 minutes.

Race format
Free practice from Thursday
Qualifying Practice on Friday
Qualifying Heats until Sunday morning
Finals on Sunday afternoon for the 34 finalists in each category

THE FIA KARTING ACADEMY TROPHY, A GLOBAL PROGRAMME FOR THE DETECTION OF YOUNG TALENTS

The FIA Karting Academy Trophy is a formula, unique in the world, aimed at training and detecting young talents between the ages of 12 and 14, pitting some 50 Drivers representing nearly 40 countries and five continents. They are tested on identical OK-Junior equipment, made available by the CIK-FIA thanks to the participation of the OTK Kart Group (chassis and engines) and tyre manufacturer Bridgestone. The karts, strictly identical, are drawn before each round. National federations are very much involved in this commitment.
The FIA Karting Academy Trophy takes place over three rounds in three different countries at the same time as the KZ and KZ2 Competitions.

ENDURANCE

A discipline present from the origins of karting in the 1960s, endurance brings into play values of consistency and cooperation that appeal to many enthusiasts. Events, generally lasting between six and 24 hours, contested by teams of three or four drivers sharing the same kart, allow long driving times for an affordable cost.

The FIA Karting Endurance Championship was created in 2016 in collaboration with the Automobile Club of the West (ACO), the club that has organised the legendary 24 Hours of Le Mans since 1923. Created in 1986 by the ACO, the 24 H Karting includes the FIA Karting Endurance Championship on the Le Mans Karting International Circuit. The first edition coincided with debut of OK, powerful, simple and reliable engines, which has contributed to the success of the Championship.

Originating in Great Britain in the 70s, the Superkart has a special place in Karting Competition with specific regulations.

The power of the two-stroke 250cc twin-cylinder engines is around 100 hp for a minimum weight of 218 kg, including Driver. The extraordinary performance of these machines, capable of reaching speeds of up to 250 km/h, is usually reserved for motor racing. The spirit of the competitors and the teams is still animated by the passion of the early days of karting. The average age is significantly higher than in the other categories of Karting. Its popularity is concentrated in the countries of the north rather than the centre of Europe.

Previously contested over several Competitions, in 2019 the FIA Karting European Championship - Superkart will take place on 26th and 27th October on the Bugatti circuit in Le Mans (FRA).
